

Purity Lessons Consent Form

Dear Parents of children in Pre-Kindergarten through Grade 12,

Your child/children's Sunday school servants would like to present age-appropriate lessons about purity to your children during Sunday school using The Orthodox Perspective on Purity Curriculum (the book has been provided earlier, and you can have your own copy). This curriculum has been designed to teach children and youth about living a life of purity. Each lesson for this age group has been carefully developed to begin teaching young children about various topics such as keeping their bodies pure and what it means to be a Christian boy or girl. As your child grows, the age-appropriate lessons continue to enhance and reinforce previous lessons about living a life of purity. The material will equip your children for the challenges that they may face as they mature. While we understand that these topics can be sensitive, we want to assure you that each lesson has been specifically tailored to the needs of your child's age. The material in this curriculum is presented in a simple way based on the Bible and our Orthodox faith.

We hope that you will thoughtfully consider allowing your child to attend these lessons. We believe that it is the responsibility of not only the parents but the Church, to help teach and support our children in following Christ and living consecrated lives of holiness. As for Sunday school servants, we wish to help equip our youth to face these challenges as the children develop, and we urge you to talk to your children about these sensitive subjects so that they may be prepared to lead lives of purity, which are pleasing to God.

We humbly ask for your support. If you have any questions about "Purity: An Orthodox Christian Curriculum", please feel free to contact your child's Sunday school servant.

If you permit your child to attend these lessons, please sign below and return this form to your child's Sunday school servant.
